IT NonStop

DataArt

IT NonStop is a series of conferences organized by DataArt, a global technology consultancy that designs, develops and supports unique software solutions. IT NonStop conferences will be held in 5 cities across Poland, Ukraine, and Russia. Each of the conferences focuses on a particular aspect of IT development, and they are all dedicated to specific projects and practical solutions.
Audience: Project Managers, Senior Developers, Business Consultants, Financial Experts, Business Analysts

Where: Ukraine, Poland, Russia

Languages: Ukrainian, Russian

Finance: Rebooting for Freedom

The trend towards disintermediation, as well as updating outworn models and practices, both require constant technological system renewal on the part of banks, funds, rating agencies and traders. Blockchain, banking digitalization, insurance, investment research — which will bring freedom to financial markets?

December 9, 2017

Innovative Center of Andriy Sheptitskiy, Kozelnitska Street 4, Lviv

Partners

The partners of IT NonStop are companies interested in reaching to the IT crowd: educational institutions, IT companies, media and many others. Partners will have the opportunity to talk to experienced IT experts.

DataArt is a global technology consultancy that designs, develops and supports unique software solutions, helping clients take their businesses forward. Recognized for their deep domain expertise and superior technical talent, DataArt teams create new products and modernize complex legacy systems that affect technology transformation in select industries.

Since 1997, DataArt has built a scalable and resilient operation: proprietary R&D, strong financial position, solid infrastructure, and outstanding development teams in the U.S., UK, Central & Eastern Europe, and Latin America.
